

Ayesha Khan

Junior AI / Machine Learning Engineer | ayesha.khan@example.com | Lahore, Pakistan

Summary

Junior AI engineer with hands-on experience building machine learning models and Flask web applications. Passionate about NLP and practical deployment of ML systems.

Technical Skills

Languages: Python, SQL, JavaScript. ML/Data: scikit-learn, Pandas, NumPy, TensorFlow basics. Web: Flask, HTML5, CSS3, REST APIs. Tools: Git, Docker basics, PostgreSQL.

Projects

Spam Email Classifier - Built a text classification pipeline using scikit-learn (TF-IDF + Naive Bayes) achieving 96% accuracy on a public spam dataset.

Resume Screening Tool - Flask web app that parses PDF resumes with pdfplumber and ranks candidates against a job description using cosine similarity.

Movie Recommendation System - Content-based recommender using Pandas and cosine similarity on movie metadata, deployed with a simple Flask front end.

Experience

AI/ML Intern - TEEROP (SMC-PRIVATE) LIMITED (2026): Worked on data preprocessing pipelines, trained baseline ML models, and integrated Groq LLM APIs into internal tooling.

Education

BS Computer Science - expected 2026. Relevant coursework: Machine Learning, Databases, Data Structures and Algorithms, Web Engineering.
